# *Cab-High Series*

8' RAM CREW CAB DUALLY

8' SILVERADO REGULAR CAB  
(OPTIONAL NO SIDE WINDOWS)

6.5' TUNDRA DOUBLE CAB

Jeraco's Cab-High Series offers truck owners a sleek contemporary designed truck cap built to the same high standards as the rest of Jeraco's products. This time-tested model is the toughest fiberglass cab-high truck cap available. When combined with the impressive array of factory-installed accessories offered by Jeraco the Cab-High Series can be fully customized to meet all your needs.

5.8' SILVERADO CREW CAB

6.5' RAM QUAD CAB

6.5' F150 SUPER CREW CAB

76" COLORADO CREW CAB

# *Mid-Rise Series*

Whether for work or play if you need a cap with extra space the Jeraco Mid-Rise Series has it. With a full size rear door and extra headroom our Mid-Rise truck cap offers superior functionality while still maintaining a sleek sporty appearance.

80" DAKOTA CLUB CAB

8' SILVERADO

# High-Rise Series

5.5' F150 SUPERCREW

7' F250 SUPERCREW

6.5' TUNDRA DOUBLE CAB

[www.jeraco.com](http://www.jeraco.com)

*The High-Rise Series features an oversized rear door for maximum loading capacities, and its aerodynamically designed roof allows your truck to live up to its full cargo potential. Ideal for hunting, camping, or vacationing, the High-Rise Series will suit an array of needs and tastes.*

76" TACOMA ACCESS CAB

8' RAM CREW CAB

6.5' SILVERADO CREW CAB

# *Supreme Series*

6.5' F150 SUPER CAB

*With the Supreme Series Jeraco takes the Cab-High Series to a new level. With an all-glass rear door and contoured, flush-mount, vented side windows the Supreme Series offers truck owners all the aesthetics of a sport utility vehicle and all the convenience of a pickup. Whether you are taking a vacation to the beach, planning a country getaway or simply heading out to the grocery store the Jeraco Supreme Series is the perfect cap to fit your needs.*

6.5' SILVERADO CREW CAB

6.4' RAM CREW CAB

5.8' SIERRA CREW CAB

6.5' TUNDRA DOUBLE CAB

# *Sport Lid SL Series*

6'4" RAM CREW CAB

*Constructed to the same high standards as our fiberglass caps, these stylish tonneau covers are custom designed to fit your truck. The Sport Lid SL comes standard with a Jeraco exclusive painted handle for easy opening, a locking rod latch system that is more durable than cable latching systems and lift assist arms that allow you to easily open and close your Sport Lid SL.*

# *The Jeraco Advantage*

***For nearly 40 years Jeraco Enterprises has been manufacturing the highest-quality truck caps available. We believe that our customers deserve the best which is exactly why we use many unique manufacturing processes and only use quality components that not only meet but surpass industry standards. We are also proud to offer to our customers a Lifetime Limited Warranty on our Fiberglass products.***

***Unfilled Resin - Jeraco is the ONLY North American truck cap manufacturer to use unfilled resin in our products. This allows our caps to be lighter, stronger and more resistant to average wear and tear than our competitors. Other truck cap manufacturers add up to 45% crushed limestone to their resin, cutting costs but sacrificing strength and making their caps more brittle.***

***Reinforced Roof - A 5/8" thick honey-combed roof insert is a standard feature with all of our caps and lids. Not only is this thicker than any other manufacturers roof but during the manufacturing process our roofs absorb resin for additional strength.***

***Reinforced Base Rail - Another standard feature with all of our caps, our base rails feature an encapsulated inner reinforcement that is unequalled for strength and durability.***

***Rubber Mounted Radius Side Windows - We install the windows of your cap with a heavy duty automotive locking window rubber that is specially formulated to resist weathering. This helps to vastly reduce leaks while maintaining the ability to quickly replace a window or a torn screen should you ever find the need to replace either. Should you prefer, screw-in style side windows are available upon request. Supreme Series caps and radius side access doors are only available with screw-in style windows.***

***Fully Riveted Rear Doors - All radius rear doors used by Jeraco are fastened with rivets on the outside and screws on the inside of the cap which ensures a snug fit and better stands up to years of use.***
